

CAFÉ

Model #: C2Y486P3TD1

Model #: C2Y486P3TD1

CAFÉ™ 48" Smart Dual-Fuel Commercial-Style Range with 6 Burners and Griddle (Natural Gas)

Features:

- **Versatile Cooktop:** The versatile cooktop on this commercial style range features an entire arsenal of burners that give you the right amount of heat and control to perfectly cook anything from delicate sauces to expertly seared meats.
- **Caterer Oven:** A large capacity oven fits a full-size catering pan and has three racks, large 8-pass bake and broil elements for even heat coverage and Precision Oven modes to help guarantee results for meals of any size
- **Second oven for everyday use:** A second everyday oven gives you the space and features you need for family meals, including enough room for three 9"x 13" casserole dishes, two self-clean racks, Hot air frying, convection cooking, a precision temperature probe and more
- **Color-Matched Manifold with LCD Control:** Get a coordinated look with a manifold that matches the range's finish and an LCD control panel that provides information like oven and probe temperatures and cooking time for perfect cooking results
- **Superior Heat Distribution:** The industry-exclusive Inspiral burner swirls the cooktop flame under cookware to more evenly spread heat from the center to the edges
- **Multi-Ring Burner:** A versatile burner offers different-sized flame rings on a single burner element, so it's like having multiple burners in one
- **Built-in Griddle with Thermostat:** An 18,000-BTU, Stainless Steel and Aluminum clad griddle features an integrated thermostat, which automatically adjusts heat to hold your set temperature
- **Two Griddle Burners:** Cook more at once with two 12,000-BTU powerful burners that can be used together or separately with an optional griddle grill accessory (Model # UXPRRGG)
- **Two High-Heat Burners:** Boil water quickly with two 18,000-BTU Power Boil burners that give you more cooking power
- **Built-in WiFi:** This smart oven features WiFi connection so you can control oven functions with the SmarthQ app on your smart device. [See details](#)
- **Precision Oven Modes:** Simplify the cooking process with precision oven modes that automatically track progress, make time and temperature adjustments, and work with the SmarthQ™ app.
- **Precision Temperature Probe:** An innovative temperature probe that helps you achieve the perfect level of doneness for oven favorites
- **No-Preheat Air Fry:** Cook healthier, crispier versions of your favorite foods in less time, thanks to an air fryer right in your oven that doesn't require preheating, a basket or a special tray
- **Five Self-Clean Racks:** Always have enough room with two extendable and three low-profile enamel racks that can stay in the oven during the self-clean cycle
- **Enhanced Shabbos Mode:** The Shabbos Keeper connects to your range to automatically enable Shabbos compatible modes each week and before every holiday (Shabbos Keeper sold separately, visit www.zmantechtechnologies.com for details). WiFi connection via the SmarthQ app required for initial setup
