

CAFÉ

Model #: CCP06BP4PW2

Model #: CCP06BP4PW2

CAFÉ™ ENERGY STAR® 126-Can or 14-Bottle Beverage Center

Features:

- LED Light Wall: Take lighting to the next level with an LED light wall that spans the back panel, illuminating the interior so every item is easy to find
- Magnum Bottle Storage: Chill up to four 1.5 liter bottles of wine or prosecco without scratching the label
- Smart Technology: The beverage center has Built-In WiFi so you can control it from anywhere. Using the SmartHQ app, you can remotely change your temperature or dim the LED light wall. Plus, you'll get the latest connected home capabilities with new modes and updates
- Flush Installation: With built-in, flush-to-cabinet installation, this beverage center fits in perfectly with your home's overall design
- Articulating Door Hinges: These hinges prevent the beverage center door from striking anything in the kitchen, including your cabinetry. They also help the door open smoothly and close softly
- 14-Bottle or 126-Can Capacity: This large capacity beverage center gives you the space to store your favorite beverages and more
- QuickSpace Shelf: This beverage center offers flexible storage options with a shelf that lets you make room for tall items like bottles of wine and craft beer
- Open Door Notifications: Protect your drink collection by receiving a push notification on your smart phone each time the beverage center door is opened
- Adjustable Lighting: This beverage center has flexible lighting options you can change from the SmartHQ app. Choose from proximity lighting that illuminates automatically as you approach, gradient lighting or lighting that turns on and off as you open or close the door
- Temperature Alarm: Always maintain the ideal temperature, even when you're on the go, with Built-In WiFi that notifies you when the door has been left open or the power goes out
- Reversible Door Options: A reversible door lets you choose whether the beverage center opens to the left or the right
- Hidden Temperature Controls: These temperature controls maintain any temperature between 34 and 45 degrees Fahrenheit, all while blending into the beverage center's overall design
- Customizable Handle Options: Choose from four unique CAFÉ™ handle finishes to complement the rest of your kitchen, or your other CAFÉ™ appliances
- Finish Options: This beverage center comes in multiple finish options, including Stainless, Matte Black and Matte White

**Matte White
