CAFÉ™ 30" Smart Slide-In, Front-Control, Induction and Convection Range with In-Oven Camera

Features:

- Harness a sense of control: Turn any pan into a smart pan and automatically maintain a set temperature within one degree, thanks to a cooktop sensor that gives you total control from either the display or your smartphone
- You've got an eye for perfect timing: Monitor the progress of time-sensitive dishes without needing to open the oven door, with an in-oven camera that provides an interior view of cooking food visible from your smartphone
- An attractive appearance at all times: Every detail of your kitchen is designed to delight, thanks to a sleek backlit glass touch control panel that visually disappears when not in use and wakes up when prompted
- Enjoy total control in the kitchen and beyond: Control your oven with your smart device or simply your voice using WiFi Connect [See details](#)
- The perfect combination of power & precision: Stun guests by showing off your 11" 3,700-watt induction element, which uses chef-preferred induction cooktop technology to deliver precise heat to cookware only. That means you can do everything from boiling a quart of water in 101 seconds to melting butter at exact temperatures with amazing efficiency.
- Precise control for flawless results: Delight guests with the precision of sous vide cooking or perfectly prepared fondues and delicate sauces using a precision cooking probe that is sold separately
- Ensure consistent temperature across a large area: Evenly heat large griddles or enamel cookware across two 8" synchronized elements
- Allow your appliances to interact with one another: Create a chef-like experience with Chef Connect, which can synchronize your appliance clocks and surface lights and vent when a range burner is in use, and even your microwave and range clocks
- Choose the range you want with total confidence: When you're updating your kitchen, attention to detail is a priority. That's why CAFÉ™ 30" slide-in ranges are guaranteed for an exact fit or CAFÉ™ Appliances will pay up to \$300 toward modifications.
