Model #: CSB913P4VW2

CAFÉ™ 30" Custom Speed Cook Oven with 120V Advantium® Technology

Features:

- Customize your cooking: Create meals that reflect your personal style with a single oven that can be used in many ways. The advanced cooking technologies include a Convection Oven, Microwave, Toaster Oven, Warming/Proofing Oven, and Speed Cook Oven with Advantium Technology
- Speed cooking with oven quality results: Achieve delicious oven-quality results two to four times faster than a conventional oven with a blend true European convection heat, microwave and the energy from light that balances the heat type and source to give amazing results in a fraction of the time.
- An LCD display with a touch of style: Easily navigate wall oven settings with the beautiful full color display that adds a unique element of style to your kitchen.
- Perfectly reheated food: You get crispy results at microwave speed with 20+ reheat programs for leftovers that taste like first time to table.
- No pre-heat required: Your dishes begin to cook immediately because the Café™ CustomCook Speed Oven with Advantium® Technology needs no pre-heat time and cooks two to four times faster than a conventional oven.
- Bring the flavor with steam: Use the steam option to cook a variety of proteins such as fish, chicken and pork, vegetables and grains such as rice, pasta and quinoa. The steam option creates a moist cooking environment, keeping foods juicy and full of flavor.
- Create a look that matches your personal style: Select any combination of premium finishes and hardware options to create a stunning look customized to any taste
- The perfect fit you've always dreamed of: When you're updating your kitchen, attention to detail is a priority. That's why CAFÉ™ Advantium wall ovens are guaranteed for an exact fit for an easy and seamless replacement.
- Check cooking progress - from anywhere!: You don't have to open the oven door to see how your dish is coming along thanks to the in-oven camera - this tool provides an interior view of cooking food right from your smartphone, even outside the kitchen
