Model #: FCFI3082BS

Model #: FCFI3082BS

30" Front Control Induction Range with Air Fry

The Frigidaire 30" Induction Front Control Freestanding Range with Air Fry allows you to make family-sized air fried favorites, right in your oven. The induction cooktop helps you get dinner on the table faster - boiling water twice as fast as gas cooktops. Plus enjoy easier and faster cleanup on the cooktop with our easy-to-clean induction cooktop surface and also in the oven cavity with our 30-minute Steam Clean.

**Features:**

- Unlike traditional electric and gas cooktops, induction only heats the pan and the food in it, so the area around the pan stays cooler, allowing you to clean up spills and splatters while you cook.
- Make healthier and delicious meals for your entire family - right in your oven.
- Induction boils water 50% faster than gas cooktops.
- Connects two elements to create a larger cooking surface, perfect for a griddle or large pan.
- Get faster, more even baking results with our fan convection baking system.
- A light, 30-minute oven cleaning that's chemical-free, odor-free and fast.
- Induction goes from a low simmer to a powerful boil, almost immediately.
- Induction heats the pan and the food in it, so the area around the pan stays cooler.
- Redesigned to be even wider - allowing you to store any unused oven racks, baking trays and more!
- Cook more at once with our extra-large, 5.3 cu.ft. capacity oven.
- Induction uses less energy throughout the cooking process, only heating your cookware and not your kitchen.
- Lower heating elements are beneath the oven floor, making for a smooth surface that is easy to clean.
- We promise that your new 30" Frigidaire front control range will fit your existing range cutout of the same width and configuration, or we will reimburse you up to one hundred dollars for professionally modifying the countertop.
- Most stainless steel and cast-iron cookware are compatible with induction elements. An easy rule of thumb: if a magnet sticks to the bottom of the cookware, it's induction friendly..

**Stainless Steel  
Dimensions**

Width: 30 in  
Height: 36 3/8 in  
Depth: 26 in

**Specifications**
