Model #: GDP630PMRES

Model #: GDP630PMRES

GE® ENERGY STAR® Top Control with Plastic Interior Dishwasher with Sanitize Cycle & Dry Boost

Features:

- **3 Rack Dishwasher:** This dishwasher has a third rack without dedicated compartments, giving you extra capacity and flexibility to store everything from lids and serving utensils to small bowls
- **Bottle Jets:** This dishwasher with bottle jets ensures a deep clean for tall items, narrow glasses, jars and more. In the upper rack, each of the four bottle jets directs water and detergent inside to effectively wash hard-to-reach areas
- **Dry Boost™:** Dry Boost gets hard-to-dry items like plastics up to 3x drier compared to heated dry
- **Wash Zone:** Wash a true half load in the upper or lower rack whenever you need to, instead of waiting on a full load. Just choose your wash zone: upper or lower. The feature works in combination with most cycles, saving you time and conserving energy
- **Steam + Sani:** Save time with a Steam option that loosens tough soils before the wash cycle begins, so you get a complete clean with no pre-rinsing or soaking necessary. Plus, a Sanitization cycle reduces 99.999% of bacteria on dishes
- **AutoSense Wash Cycle:** This energy efficient dishwasher has an AutoSense cycle that detects the soil level and amount of dishes, then automatically adjusts wash settings for the ultimate clean
- **High Wash Performance:** Get a complete wash with no pre-rinse, thanks to a variety of powerful wash cycles. No matter how many dishes you load or how dirty they are, rest assured you'll get spotless results every time
- **Adjustable Upper Rack:** Enjoy flexible loading with an adjustable upper rack. Easily move it up or down to fit bottles, large platters and other items as tall as 10.5
- **Choose Your Cycle:** This dishwasher offers a heavy wash, normal wash, rinse cycle and 1-hour wash cycle for outstanding wash performance and clean dishes every time, no matter the load size
- **Reliable Performance:** This American made dishwasher is durable, long-lasting and dependable. Its consistent performance will give you totally clean and dry dishes with every cycle
- **Water Leak Sensor:** This dishwasher features Active Flood Protect, preventing potential overflows for greater peace of mind. A water sensor cancels the wash cycle before a flood can occur and alerts you with blinking lights and a tone
- **Hard Food Disposer:** The Piranha™ hard food disposer with a removable filter has a stainless steel blade that rotates at 3,600 RPM, preventing large particles from clogging the wash arms and ensuring consistently clean dishes
- **ENERGY STAR® Dishwasher:** This efficient, ENERGY STAR® dishwasher saves energy without sacrificing features or functionality
- **Quiet 50 dBA Dishwasher:** This quiet dishwasher provides a powerful clean without unwanted noise or disturbances. A status light on the door lets you know when it's running
- **Extra Large Capacity:** This extra large capacity dishwasher has enough space for 14 place settings and large dishware, making cleanup easy after gatherings
