Model #: GDT670SYVFS

Model #: GDT670SYVFS

GE® ENERGY STAR® Top Control with Stainless Steel Interior Dishwasher with Sanitize Cycle

Features:

- Dry Boost™ Technology: Dry Boost™ Technology outperforms standard heated-dry dishwashers by getting hard-to-dry items like plastics up to 3 times drier when compared to heated dry.
- Third Rack with Removable Silverware Caddy: The versatile Third Rack was redesigned to load more than just silverware with additional space for unique items.
- Deep Clean Silverware Jets: A system of 40 deep-cleaning silverware jets blasts the silverware basket from the bottom up, removing all stuck-on food for sparkling results.
- 4 Bottle Wash Jets: Ensure a deep clean for tall items, narrow glasses, jars and more thanks to this dishwasher with bottle jets. 4 powerful jets direct water and detergent inside to effectively wash hard-to-reach areas.
- Smooth-Glide Upper Rack: This dishwasher with a smooth-glide rack makes loading and unloading smooth and simple. It easily extends on stainless steel ball bearings, so you can make light work of even the heaviest loads.
- Steam + Sani: Save time with a high-temperature cycle that steams and sanitizes. Get a complete wash with no pre-rinsing or soaking necessary and reduce 99.999% of bacteria.
- High Wash Performance: Get a complete wash with no pre-rinse thanks to a variety of wash cycles that provides a powerful clean. No matter how many dishes you load or how dirty they are, rest assured you'll get spotless results every time.
- Active Flood Protect: This dishwasher features Active Flood Protect, which prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high, pumping it out until a safe level is reached.
- Reliable Performance: Enjoy trusted performance from a trusted brand with this American-made, dependable dishwasher that provides totally clean and dry dishes with every cycle.
- Piranha™ Hard Food Disposer: The Piranha™ Hard Food Disposer lets you use your dishwasher without pre-rinsing. Its stainless steel impellers rotate to pulverize food particles and an anti-jamming design makes sure wash arms stay unclogged.
- 45 dBA Dishwasher: Enjoy a peaceful kitchen and a powerful wash with this super-silent, 45 dBA dishwasher.
- Extra Large Capacity: This extra-large capacity dishwasher has enough space for 16 place settings and large dishware, making cleanup easy after large gatherings.
- Optional WiFi: Monitor this dishwasher with a smartphone and a WiFi adapter (sold separately) to enjoy a smart dishwasher experience. Simply attach the adapter and start using the SmartHQ™ app to control and monitor your unit remotely. You can even reorder detergent.
- 1-Hour Wash Cycle: Unload spotless plates, glasses, pots and pans without waiting hours for the dishwasher to finish with this one-hour dishwasher cycle.
- AutoSense Cycle: This energy-saving dishwasher has an AutoSense Cycle that detects soil level and amount of dishes before automatically adjusting the wash setting for the ultimate clean.
