Model #: KBFN542SPS

24.2 Cu. Ft. 42" Built-In French Door Bottom Mount Refrigerator with Platinum Interior

This Built-In French Door Bottom Mount Refrigerator enhances your space with elevated styles and option to upgrade with customizable hardware. Multiple Installation Options allow you to choose between flush installation for an integrated look or proud for a prominent look. Signature Platinum Interior wows with metallic accents. Preserva®+ Food Care System has multiple evaporators to keep your food fresh.

Features:

- Designed to be Personalized: with a curated palette of exterior finishes and mixed metal hardware. Pick from lush Juniper, warm Black Ore and classic Stainless Steel finishes, all with matching handles. Personalize your hardware with optional handle accessory kits in Brass, Bronze, Black Ore and Stainless Steel.
- Multiple Installation Options: allow you to choose the installation style that fits your aesthetic: flush for a seamless look, overlay for a softly striking incorporated look or proud for a standout presence.
- Preserva®+ Food Care System: features two independent cooling systems that work together to keep the humidity at the right level to help keep all your produce fresh.
- Signature Platinum Interior: wows from the inside out with premium craftsmanship and design. Metallic touchpoints, smoked crisper bins and ultra-bright LED lighting pop against the stunning silver-colored finish.
- SatinGlide® Drawer System: adds a smooth experience to the crisper drawers. Its ball-bearing rollers enhance the opening and closing experience every time, whether it is nearly empty or fully loaded.
- Adjustable Spill-Resistant Glass Shelves: feature premium glass, offering edge-to-edge storage for whatever you need. Plus, its nano-etched edges help prevent spills from overflowing into other parts of your refrigerator, and its design allows you to remove them for easy cleaning. Sleek metallic trim on the front edges adds a striking accent.
- Personalized Door Stop: tailors your refrigerator to suit your space by setting the door to stop at 90°, 110° or 130°. This prevents the door from swinging open too widely, giving you the flexibility to load or find ingredients without hitting counters or handles.
- FreshFlow™ Air Filter: deodorizes 15x better than baking soda. The replaceable carbon-based filter neutralizes common food odors for up to 6 months.
- Automatic Ice Maker: ensures that you have a continuous supply of fresh, filtered ice for entertaining or everyday beverages and creations.
- Ultra-Bright LED Lighting: gradually brightens to fully illuminate the freezer and refrigerator, making it easy to find what you need.
- PrintShield® Finish: resists smudges and fingerprints. The specialized coating for stainless steel is easy to clean with just water and a soft cloth, so you can spend more time cooking and less time cleaning up.
- Max Cool: lets you use the touch of a button to drop refrigerator temperature to the coldest level, helping to chill groceries, beverages or ingredients for serving. After 24 hours, the temperature will automatically be restored to the previous setting.
- Max Freeze: lets you use the touch of a button to drop freezer temperature to coldest level (-8F), so frozen goods can reach optimal temperatures. After 48 hours, the temperature will automatically be restored to the previous setting.
- Intuitive Controls: provide an easy-to-use touch pad control system that puts every refrigerator function right at your fingertips. Up-Front Temperature Controls make it easy to choose temperature settings, control the ice maker and check the status of the water filter.
- Produce Preserver: helps delay over-ripening to extend freshness of fruits and vegetables. This replaceable filter for crisper drawers absorbs the ethylene gas produced as part of the natural ripening process for up to 6 months.
- Galloon Door Bins: maximize storage with thoughtfully designed and adjustable bins, accommodating gallon jugs, large containers and bulky items with ease.
- Fit System Limited Guarantee: offers support if your NEW 36" or 42" built-in
