Model #: KRFC136SPS

Model #: KRFC136SPS

20 Cu. Ft. 36-Inch Counter-Depth French Door Refrigerator with Internal Water Dispenser

Enjoy freshness within reach. This KitchenAid® Counter-Depth French Door Refrigerator features an Internal Water Dispenser to keep the outside looking sleek. Help keep ingredients fresh and flavorful with the Preserva® Food Care System. Plus, fit more and bigger ingredients with the Full-Width Pantry and adjustable Wood-Look Nesting Shelf.

Features:

- Preserva® Food Care System: helps keep ingredients fresh and flavorful. This single evaporator system uses sensors to continually monitor temperature levels in both the refrigerator and freezer and adapts the flow of cold air between them to maintain optimal temperatures throughout.
- Interior Water Dispenser: provides convenient access to filtered water while maintaining the refrigerator's clean lines and sleek exterior design.
- Counter-Depth Design: fits with surrounding cabinetry, creating a built-in appearance while freeing up more space in the kitchen.
- Wood-Look Nesting Shelf: adjusts to accommodate items of different heights. Lower the shelf to hold short items like a pint of berries, jam jars or yogurt cups. When not needed, it nests into the shelf above, making room for tall items like wine bottles and freshly squeezed juice.
- Full-Width Pantry Drawer: provides convenient storage for wide items and storage of longer foods, like bacon or butcher meat.
- Max Cool: helps quickly chill recently loaded groceries by setting the refrigerator compartment to the lowest temperature level for up to 24 hours.
- Ultra-Bright LED Lighting: turns on when the refrigerator or freezer door is open, making it easy to find items inside.
- Spill-Resistant Framed Shelves with Metallic Accents: help contain messes for easy cleaning. The sleek metallic frame adds a striking accent.
- Gallon Door Bins: maximize storage with thoughtfully designed and adjustable bins, accommodating gallon jugs, large containers and bulky items with ease.
- Crisper Bins: provide dedicated space for produce.
- Up-Front Temperature Controls: make it easy to choose temperature settings, control the ice maker and check the status of the water filter.
- PrintShield® Finish: resists smudges and fingerprints. The specialized coating for stainless steel is easy to clean with just water and a soft cloth, so you can spend more time cooking and less time cleaning up.
