

KitchenAid®

Model #: KRFC136TPS

Model #: KRFC136TPS

22 Cu. Ft. 36-Inch Counter-Depth French Door Refrigerator with Internal Water Dispenser

Enjoy freshness within reach. This KitchenAid® Counter-Depth French Door Refrigerator features an Internal Water Dispenser to keep the outside looking sleek. The Preserva® Food Care System helps keep ingredients fresh and flavorful throughout, and you can control the temp with the FreshChill™ Full-Width Pantry. You get to control humidity in the crisper drawers with the FreshSeal™ gaskets. Plus, the Counter-Depth design gives you a seamless look with the cabinetry.

Features:

- Preserva® Food Care System: helps keep ingredients fresh and flavorful. This single evaporator system uses sensors to continually monitor temperature levels in both the refrigerator and freezer and adapts the flow of cold air between them to maintain optimal temperatures throughout.
- Interior Water Dispenser: provides convenient access to filtered water while maintaining the refrigerator's clean lines and sleek exterior design.
- FreshChill™ Temperature-Controlled Full-Width Pantry: lets you choose the optimal temperature for what you're storing with custom settings for Fish & Meat, Deli & Cheese and Wine.
- Produce Preserver: helps delay over-ripening to extend freshness of fruits and vegetables. This replaceable filter for crisper drawers absorbs the ethylene gas produced as part of the natural ripening process for up to 6 months.
- FreshSeal™ Humidity-Controlled Crispers: help keep your produce fresh and crisp using FreshSeal™ gaskets that maintain optimal humidity levels inside the crisper bins.
- Counter-Depth Design: fits with surrounding cabinetry, creating a built-in appearance while freeing up more space in the kitchen.
- Wood-Look Nesting Shelf: adjusts to accommodate items of different heights. Lower the shelf to hold short items like a pint of berries, jam jars or yogurt cups. When not needed, it nests into the shelf above, making room for tall items like wine bottles and freshly squeezed juice.
- Ultra-Bright LED Lighting: turns on when the refrigerator or freezer door is open, making it easy to find items inside.
- Automatic Ice Maker: ensures you have a continuous supply of fresh filtered ice for everyday beverages and entertaining.
- Max Cool: helps quickly chill recently loaded groceries by setting the refrigerator compartment to the lowest temperature level for up to 24 hours.
- PrintShield® Finish: resists smudges and fingerprints. The specialized coating for stainless steel is easy to clean with just water and a soft cloth, so you can spend more time cooking and less time cleaning up.
