Model #: KRFC704FPS

Model #: KRFC704FPS

23.8 cu. ft. 36" Counter-Depth French Door Platinum Interior Refrigerator with PrintShield™ Finish

The largest capacity counter-depth refrigerator in its class features PrintShield™ finish to resist fingerprints outside and flexible storage options inside. A slide-away shelf retracts to fit tall items, and full-extension self-close crispers and custom temperature pantry let you store more and find it easily. Plus, the Preserva® Food Care System with Linear Compressor helps keep it all at the peak of freshness.

Features:

- Preserva® Food Care System: Provides the height of food preservation with two independent cooling systems plus a Produce Preserver to help keep food at its peak.
- Under-Shelf Prep Zone: Utilizes empty space beneath the shelf to create a prep zone ideal for dough, desserts or marinating meats. 6" x 10" x 2" slide-out pan is oven- and dishwasher-safe, and easily transitions from fridge to oven so you can stay in the creative flow.
- Slide-Away Shelf: features a versatile design that allows three-quarters of the shelf to retract to accommodate taller items, such as wine bottles, up to 16.75 inches. This flexibility offers tall-item storage space and helps optimize organization.
- Full-Extension Self-Close FreshSeal™ Crispers: Maintain optimal humidity levels to help keep produce at peak freshness. Brightly lit drawers open fully so you can see and easily access all your items.
- Full-Extension Self-Close Custom Temperature-Controlled Pantry Drawer: Features four presets so you can customize temperature for meat/fish, cold drinks, deli/cheese and wine. Enjoy the effortless feel of self-close glides plus full-drawer extension.
- Full-Extension Self-Close Pull Out Tray: is ideal for large platters. The tray comes in a moisture- and stain-resistant premium wood-look finish and removes for easy cleaning. Full-extension allows easy access and self-close glides provide effortless movement, even when fully loaded.
- 3-Tier Self-Close Freezer Drawer with Extend-Freeze Setting: Is a self-close freezer drawer that organizes items on three levels with features like a divided lower drawer, pizza pocket, small-item drawer and flat-item shelf. An Extend-Freeze setting helps keep food at its best by reducing freezer burn.
- In-Door-Ice® System: Adds interior room in the refrigerator with a slim-profile ice bin that mounts on the inside left door, keeping it out of the refrigerator compartment. This space-saving design leaves room for two additional door bins ideal for condiments and cans.
- Panoramic LED Lighting: Provides increased visibility to your ingredients with strips of lighting on the sides, ceiling and back of the refrigerator, as well as in the crisper and pantry.
- PrintShield™ Finish: Resists smudges and fingerprints on the microwave. You can easily wipe it down with water and a soft cloth, so you're spending less time cleaning in the kitchen and more time cooking.
- Platinum Colored Interior with Metallic Accents: brings premium style inside the refrigerator to complement the quality ingredients you keep on hand. Sleek silver colored walls accented by metallic trim on shelves, drawers and door bins offer a step up from the standard white interior.
- Exterior Ice and Water Dispenser: Features intuitive controls to easily access functions. The water dispenser is positioned just right to easily fill cups, pitchers, pots and more during food preparation and the ice maker provides more premium, smaller ice cubes.
- Three Full-Width Adjustable Shelves: Offer 2 levels of adjustment for each shelf with a simple flip of a lever. The full-width, flush design allows for maximum visibility and easy cleaning and helps this refrigerator offer the most shelf space in its class.
- Removable Door Bins with Metal Accents: Offer the ideal refrigerator-to-table solution because they're easily removed from a metal base, making them perfect for carrying condiments or other ingredients to the table. The bins are dishwasher safe for easy cleaning.
- FreshSeal™ Dairy Bin: Features a gasket seal to help extend freshness and preserve the flavor of butter and other dairy items. This bin can also be used to store foods with strong odors so they do not affect other items.
- Measured and Favorite Water Fill: Displays and automatically dispenses

Stainless Steel with PrintShield™ Finish
