Model #: KSIS730PSS

30-Inch 4-Element Induction Slide-In Convection Range with Air Fry

This KitchenAid® 6.4 cu. ft. 30-inch 4-Element Induction Slide-In Convection Range combines the precision of induction with the power of Air Fry. Sensor-induction cooktop generates heat directly within cookware, and the oven features Even-Heat™ True Convection plus air fry mode, with an included dishwasher-safe air fry basket that aids in crisping and browning.

Features:

- **Air Fry Mode** - Heating elements and a fan circulate hot air around the included air fry basket, crisping and browning food with less oil* *When compared to deep frying
- **Dishwasher-Safe Air Fry basket** - allows air to circulate around food as it cooks for crisping and browning. Place in dishwasher for easy cleanup.
- **Even-Heat™ True Convection** - features a unique bow-tie design with heating element and fan that circulates hot air throughout the entire oven, providing consistent temperatures for crisp, flaky baked goods, juicy, well-browned roasts and flavorful, caramelized vegetables.
- **EasyConvect™ Conversion System** - Takes the guesswork out of convection cooking by ensuring exceptional results when experimenting with new recipes or familiar favorites.
- **Steam Bake** - The Steam Bake function works in conjunction with the included steam rack to provide additional moisture during baking. Add 1 1/2 cups (350mL) of water in the reservoir located on the steam rack which heats up and releases steam.
- **Steam Rack** - Offers the ability to provide additional moisture to the inside of the oven, enhancing cooking results.
- **6.4 Cu. Ft. Total Capacity** - A generous 6.4 cu. ft. total capacity of the oven cavity and baking drawer lets you cook multiple dishes on multiple racks at once
- **FIT System Limited Guarantee*** - *Based on existing cutout width of 30", cabinet depth of 23"-24" and countertop cutout depth of 24"-25". For complete details, visit www.kitchenaid.com/fitsystemlimitedguarantee is our promise to flawlessly fit slide-in ranges designed for an existing cutout of 30" width, countertop depth of 24"-25", cabinet depth of 23"-24" and countertop height of 36"
- **Glass Touch Controls** - Offer an intuitive, easy-to-use touch screen experience.
- **Side Trim Accessory Kit (Sold separately)** - (sold separately) available in Black, White and Stainless fills gaps between countertop and range for a built-in look. Can also be used to cover unfinished edges on older range models to refresh their look
- **Storage Drawer** - Adds additional storage space that's perfect for pots, pans and baking sheets.
- **4 induction elements with a bridge zone** - provides four induction cooking surfaces that allows for flexibility on your range. It features two 7 inch cooking zones with a bridge element that combines them into one large surface. The range also has a 6 and 11 inch cooking zone.
- **Sensor Induction Technology** - generates heat directly within cookware, reaching high temperatures quickly and cooling down rapidly for precise control that enables a full range of cooking techniques
- **Requires Induction-Compatible Cookware** - such as multi-ply stainless steel, enameled steel or cast iron. Aluminum and copper cookware will not work unless it has a base made of iron or steel. Look for pans marked "Works with Induction" or test to see if a magnet will stick to the bottom
- **SatinGlide™ Roll-Out Extension Rack** - makes it easier to cook with large or heavy bakeware. Sure-grip handle and smooth roll-out simplify loading and unloading.
- **AquaLift® Self-Cleaning Technology** - Clean the oven with minimal odors at a temperature below 248°F. This innovative 40-minute cycle combines low heat with water to release baked-on spills that can be wiped away once the cycle is complete.*
- **Simmer, Melt, Boil** - automatically set the right heat for different techniques and stages of cooking, taking the guesswork out of choosing settings.
- **Power Boost** - Helps to rapidly heat your cookware by boosting cooktop temperatures above the highest level for 10 minutes to help get to boiling water

**Stainless Steel
Dimensions**

Width: 29.87 in
Height: 36.0 in
Depth: 26.31 in
