Features:

- No Preheat Air Fry: Strapped for time? No Preheat Air Fry eliminates the preheat process and cooks fried foods fast—delivering a crispy-on-the-outside, juicy-on-the-inside taste using little to no additional oil.*
- Air Baking: Redefine baking with the power of air. By circulating hot air throughout the oven, Air Baking delivers even heating for crispy-on-the-outside, gooey-on-the-inside cookies, juicy, tender turkey and more.
- Griddle Zone: Turn your cooktop into a flat top by placing a Maytag® griddle* on the Griddle Zone. By combining two heating elements to create a larger surface, you can cook more food simultaneously. Whip up everything from pancakes to smash burgers to stir-fried vegetables from the convenience of your kitchen.
- High Temp Self Clean: Fight the toughest baked-on foods in your oven with this high-heat, self-cleaning technology. Using just heat—no chemicals—it turns spills and grime into a powdery ash you can then easily wipe away.
- 10 year limited parts warranty*: With a 10-year limited parts warranty* on the glass cooktop, elements and cavity, we built these ranges tough enough to keep cooking for years.
- Edge-to-Edge Ceramic Glass Cooktop: The easy-to-clean, Edge-to-Edge Ceramic Glass Cooktop lets you easily wipe spills and splatters.
- Air Powered Convection: With two heating elements circulating hot air around the oven, Air Power Convection allows you to cook entire meals on every rack.
- Hidden Bake Element: The Hidden Bake Element is sealed under the oven floor to protect it from spills and drips.
- Warming center: A Warming Center adds a dedicated cooktop zone to keep your finished food warm while you use the other elements to get the rest of your meal cooked.
- Variable Broil: Variable Broil delivers the temperatures you need for fast cooking. Set the oven between 350°F and 500°F to get the results you want on meat, sweet peppers and more.
- Delay Bake: With the Delay Bake setting, you can place your dishes inside the oven and schedule when you want the baking to begin so your food is ready when you are.
- Large Capacity 5.3 cu. ft.: Cook the whole meal with plenty of space in this 5.3 cu. ft. large capacity electric range.
