*
Appliance must be connected. WiFi & App Required. Features subject to change. Details and privacy info at maytag.com/connect.

**Fingerprint Resistant Stainless Steel
Dimensions**

Width: 29.875 in
Height: 47.875 in
Depth: 28 in

Features:

- **Grill Mode:** Get the perfect sear all year with Grill Mode. Just insert the grill accessory, and you're on your way to that delicious grilled taste right from the convenience of your kitchen—no backyard needed.
- **No Preheat Air Fry:** Strapped for time? No Preheat Air Fry eliminates the preheat process and cooks fried foods fast—delivering a crispy-on-the-outside, juicy-on-the-inside taste using little to no additional oil.*
- **Air-Powered Cooking Cycles:** Flex your skills and cook with more Air-Powered Cycles: Air Baking, Air Roast, Air Broil and Air Reheat. A powerful third heating element circulates air throughout the oven cavity for consistent results—no matter the meal.
- **Smart Appliance:** Tap into the future of cooking with Smart Appliance technology. Using wifi connectivity, you can cook smarter, not harder, by controlling and monitoring your appliance right from your device.*
- **10 year limited parts warranty*:** With a 10-year limited parts warranty* on the glass cooktop, elements and cavity, we built these ranges tough enough to keep cooking for years.
- **Dual Max Element:** Built to create a better sear and a faster boil, our most powerful 10-inch Dual Max Element allows for a slow, even sauté and intense heat for a perfectly seared, juicy steak.
- **Griddle Zone:** Turn your cooktop into a flat top by placing a Maytag® griddle* on the Griddle Zone. By combining two heating elements to create a larger surface, you can cook more food simultaneously. Whip up everything from pancakes to smash burgers to stir-fried vegetables from the convenience of your kitchen.
- **Edge-to-Edge Ceramic Glass Cooktop:** The easy-to-clean, Edge-to-Edge Ceramic Glass Cooktop lets you easily wipe spills and splatters.
- **Power Preheat:** Get to dinner faster with Power Preheat. It minimizes time spent in the kitchen by cutting preheat times by up to 40%.*
- **High Temp Self Clean:** Fight the toughest baked-on foods in your oven with this high-heat, self-cleaning technology. Using just heat—no chemicals—it turns spills and grime into a powdery ash you can then easily wipe away.
- **Steam Clean:** Tackle oven mess in an hour or less with Steam Clean self-cleaning technology. To lift light soils in less than an hour, simply add water, run the cycle and wipe with a wet sponge when the cycle is finished.
- **Air Broil:** Get the perfect crispy top on a casserole or a juicy, even char on proteins with Air Broil. By circulating hot air temperatures up to 550°F, you get tasty, even results quickly.
- **Air Baking:** Redefine baking with the power of air. By circulating hot air throughout the oven, Air Baking delivers even heating for crispy-on-the-outside, gooey-on-the-inside cookies, juicy, tender turkey and more.
- **Air Roast:** Who said roasting has to be slow? Roast delicious proteins and vegetables fast using no preheat Air Roast. You'll spend less time* waiting and more time enjoying.
- **Air Reheat:** Goodbye soggy microwaved leftovers, hello crispy reheated meals. Air Reheat revives pizza and leftovers faster than a traditional oven—without the preheat time.
- **Hidden Bake Element:** The Hidden Bake Element is sealed under the oven floor to protect it from spills and drips.
- **Warming center:** A Warming Center adds a dedicated cooktop zone to keep your finished food warm while you use the other elements to get the rest of your meal cooked.
- **Variable Broil:** Variable Broil delivers the temperatures you need for fast cooking. Set the oven between 450°F and 550°F to get the results you want on meat, sweet peppers and more.

Dan's Appliance

- Delay Bake: With the Delay Bake setting, you can place your dishes inside the oven and schedule when you want the baking to begin so your food is ready when you are.
- Keep Warm™: No need to reheat dinner. The Keep Warm™ setting uses low heat to keep food warm and ready to eat.
- Fast Preheat 5.3 cu ft Cavity: Cook the whole meal with a faster preheat time and plenty of space in this 5.3 cu. ft. capacity gas range
- Proudly assembled in Tulsa, Oklahoma, U.S.A.: We take pride in building strong, reliable appliances for your home. These ranges are proudly assembled by hard-working employees in Tulsa, Oklahoma.
- An American company for over 100 years: Whirlpool Corporation started in 1911 in Benton Harbor, Michigan. Today we are a global home appliance business selling products around the world. We are proud of our American heritage and ingenuity that have driven innovation for over 100 years.
- Better Built Electric Range: Sturdy door hinges on this Maytag® electric range are built for dependability, while the fingerprint resistant stainless finish and ceramic glass cooktop help make cleaning easy.
- Spacious Storage Drawer: Store your most-used cookware in our spacious oven drawer. Fit up to 5 pots and pans including skillets, sauce pans, stockpot and more.
- Sabbath Mode: Sabbath mode keeps the oven in Bake mode until it can be shut off, allowing you to cook and warm food during the Sabbath. All other oven settings, including temperature displays, sounds, changes in light status and cleaning cycles will be disabled.
