Features:

- Auto Dry: Help prevent overdrying with the Auto Dry setting that senses when clothes have reached the right moisture content and stops the cycle.
- Wrinkle Prevent Option: Don't worry about forgetting to take laundry out of the dryer. The Wrinkle Prevent option intermittently tumbles clothes after the cycle ends to help prevent wrinkles from forming.
- Hamper Door: Sweep laundry onto the open hamper style door and keep it off the floor. The latch-free door drops down and closes seamlessly, giving you a sturdy platform for unloading, folding and stacking.
- Timed Dry: Take control of your time. For those occasional times that damp load needs a little extra dry time or when using a drying rack, set the control and you can get your fabrics dried on your schedule.
- 7.0 cu. ft. Capacity: Dries large loads with a spacious 7.0 cu. ft. capacity.
- Drum Light: An interior drum light provides powerful illumination, ensuring no stray sock is left behind.
- End of cycle signal: Avoid forgotten laundry with the end of cycle signal so finished loads aren't left behind.
