Top Load Gas Dryer with Extra Power - 7.0 cu. ft.

Let Maytag tackle your largest loads in this 7.0 cu. ft. capacity dryer. This Extra Power gas dryer boosts drying power to get thick fabrics drier the first time* while Moisture Sensing prevents over- and under-drying on every load. Don't worry about forgetting to take laundry out—Wrinkle Prevent on the dryer keeps clothes tumbling to help block wrinkles.

Features:

- Extra Power: Extra Power boosts drying power to get thick fabrics drier the first time.*
- Moisture Sensing: Two sensors closely monitor inside moisture and air temperatures to deliver the right results without the decision-making. When loads are evenly dry and air reaches ideal temperatures, the cycle stops, helping prevent over- and under-drying.
- Wrinkle Prevent Option: Don't worry about forgetting to take laundry out of the dryer. The Wrinkle Prevent option tumbles clothes for up to 150 minutes after the cycle ends to help prevent wrinkles from forming.
- Quick Dry Cycle: Dry a small load quickly or customize settings to add more time. Plus, you can choose to remember your settings for your next load of laundry.
- Quick Dry Cycle: The Quick Dry cycle dries small loads fast. Clothes will be ready before you know it when paired with the Quick Wash cycle.
- 7.0 cu. ft. capacity: Dries large loads with spacious 7.0 cu. ft. capacity
- End of cycle signal: Avoid forgotten laundry with the end of cycle signal so finished loads aren't left behind.
