

FRIGIDAIRE
PROFESSIONAL

Model #: PCFI3670AF

Model #: PCFI3670AF

36" Induction Freestanding Range

The Frigidaire Professional 36" Induction Range features dual fan convection that effectively circulates hot air throughout the oven cavity, giving you perfectly baked muffins, proteins and more. Plus no cooktop is easier to clean than induction, since induction heats the pan and not the cooktop around it, spills wipe up more easily. This range also features backlit LED knobs and our Smudge-Proof(R) Stainless Steel finish that resists finger prints, making cleanup easy.

Features:

- Unlike traditional electric and gas cooktops, Induction only heats the pan and the food in it, so the area around the pan stays cooler, allowing you to clean up spills and splatters while you cook.
- Get faster, more even multi-rack baking with powerful dual convection fans that circulate hot air throughout the oven cavity.
- With induction, heat transfers directly to the cookware bypassing the cooktop surface, making induction incredibly fast.
- Lights up when the cooktop is turned on.
- Monitors and alerts when the desired finished cooking temperature has been reached.
- Connects two elements to allow for simultaneous control, perfect for a griddle pan.
- Keep your oven looking and operating at its best with the fast Steam Clean cycle that's chemical and odor-free.
- Soft-close hinges gently guide the oven door to a closed position.
- Our extending Glide Rack makes it easier to monitor and lift your food out of the oven.
- Induction heats your pan and the food in it, so the area around the pan stays cooler.
- Use less energy while you cook with energy-efficient induction technology which heats the pan directly so less heat loss in the cooking process.
- Resists fingerprints and cleans easily.
- Most stainless steel and cast iron cookware is compatible with induction elements. Rule of thumb: if a magnet sticks to the bottom of the cookware, it's induction-compatible.
- Product complies with the Americans with Disabilities Act.*
- Sabbath Mode Star-K® Certified.

Specifications

Cooktop:

Bridge Element Location : Right and Left
Cooking Surface Type : Smooth
Hot-Surface Indicator Light : Yes

Cooktop Performance:

Right Front Element Burner Size : 7 1/10"
Right Rear Element Burner Size : 7 1/10"
Left Front Element Burner Size : 7 1/10"
Left Rear Element Burner Size : 7 1/10"
Center Front Element Burner Size : 10 1/4"
Right Front Element Burner : 1,850 / 3,000 Watts (Boost)
Right Rear Element Burner : 1,850 / 3,000 Watts (Boost)
Left Front Element Burner : 1,850 / 3,000 Watts (Boost)
Left Rear Element Burner : 1,850 / 3,000 Watts (Boost)
Center Element Burner : 2,600 / 3,700 Watts (Boost)
