

Model #: PHP9036STSS

Model #: PHP9036STSS

GE Profile™ ENERGY STAR® 36" Built-In Touch Control Induction Cooktop

Features:

- Maximum Responsiveness: 19 heat settings using induction technology and glide touch controls allows burners to quickly adjust and respond, giving you maximum control.
- Power Boil: Boil water faster thanks to induction elements that immediately heat your pan, not the cooktop surface.
- Precision Temperature Control: Set your burner to an exact degree, not just high, medium or low, with Precision Temperature Control. Using a smart pan, the cooktop maintains a specific temperature – from 100 to 500 degrees. Perfect for sauces, candies and frying.
- Easy Clean Surface: A smooth glass surface makes cleaning up messes simpler than ever on this easy clean induction cooktop.
- Safer Surface: Stay worry-free with this induction cooktop that automatically detects your cookware, so when it's removed the burner automatically switches off
- Most Efficient Heating: Electromagnetic currents directly heat the pan, instead of first heating the cooktop surface, resulting in faster, more efficient heating.
- Synchronized Elements: Connect and control two cooktop burners as one to create a bigger cooking surface for pans such as griddles.
- Chef Connect: Synchronize your cooktop and GE Profile over-the-range microwave or hood so that your fan and lights automatically come on when a burner is activated with Chef Connect.
- Smart pans and a wireless sous vide probe: Easily pair with this smart cooktop to ensure you get the perfect cooking results. (Accessories sold separately)
- Timer: Help coordinate meal preparation and cooking with a convenient kitchen timer.
- Built-in WiFi: This smart cooktop features Built-In WiFi so you can monitor your burners and view power levels, precision temperature, or on/off.
- Control Lock: Protect against unintentionally turning your cooktop on with a safety control lock setting.
- Fit Guarantee: This cooktop will fit your existing 36" cut-out or GE Appliances will help pay for modifications up to \$100. [See offer criteria and details](#)

Stainless Steel Dimensions

Width: 36.25 in
Height: 3.25 in
Depth: 21.125 in

Specifications

FEATURES:

WiFi Connect : Built-In
Cooktop Burner Type : 5 Induction Elements
Melt Setting : Yes
Fuel Type : Electric
Element - Left Front : 7" 2500W
Connected Capabilities : Amazon Alexa, Google Home
Indicator Lights : 5 Hot Surface, Red, Setting Level Indicators, Surface Element "ON"
Element - Right Front : 8" 3200W
Control Location : Front Center
Cooktop Type : Induction
Cooktop Surface : Black Ceramic Glass with Stainless Steel Trim
Cooktop Control Features : All-Off Control, Boost (All Elements), Chef Connect, Control Lock Capability, Keep-Warm Setting, LED Light level adjustment, Melt Setting, Multi-element timer, Pan Presence Sensor, Pan Size Sensor, Sound adjustment, Sync-Burners Capability
WiFi Enabled Features : Chef Connect with Hoods/OTRs, Interfaces with SmartHQ App, Works with HestanCue Pans, Works with Precision Cooking Probe
Timer : Yes
Element - Left Rear : 7" 2500W (Keep Warm)
Control Type : Electronic Touch
Element - Center : 11" 3700W
Element - Right Rear : 6" 1800W (Melt Setting)
Product Type : Cooktop

WEIGHTS & DIMENSIONS:

Cutout Height (in) : 4.625
Cooktop Size : 36 in
Overall Height : 3.25 in
Cutout Depth (in) : 19.125
Cabinet Width : 36 in
Approximate Shipping Weight : 57 lb
Overall Width : 36.25 in
Net Weight : 51 lb
Cutout Width (in) : 33.875
Overall Depth : 21.125 in

APPEARANCE:

Frame Color / Material : Stainless Steel
Color Appearance : Stainless Steel on Black

FILTER:

App Filter - Cabinet Width : Cooking 36 in.
App Filter - Cooktop Type : Induction
App Filter - Fuel Type : Electric
App Filter - SyncBurners : Yes
App Filter - Control Type : Digital touch

Dan's Appliance

POWER / RATINGS:

Max. Connected Load (kW) at 240V : 11.6
Circuit Breaker (Amps) at 208V : 50
Hertz : 60
Max. Current Draw (Amps) at 240V : 48.3
Max. Connected Load (kW) at 208V : 10.1
KW Rating at 240V : 9.6
Electrical Requirements : 208/240V ; 60Hz ; 50A
Max. Current Draw (Amps) at 208V : 48.6
Watts : 9600
Circuit Breaker (Amps) at 240V : 50

WARRANTY:

Parts Warranty : Limited 1-year entire appliance
Warranty Notes : See written warranty for full details
Labor Warranty : Limited 1-year entire appliance

ACCESSORIES:

Optional Accessories : JXPROBE1 - Precision cooking probe
