GE Profile™ ENERGY STAR® Smart Compact Dishwasher for Countertop or Built-In

Features:

- Countertop Dishwasher with 3 Install Options and Easy Water Hookup: Maximize your space with a countertop dishwasher that can be built into your cabinetry or installed under your sink. Perfect for kitchens, apartments, dorms, RVs, bar areas—anywhere you need it.
- Large Capacity Compact Dishwasher: This dishwasher has a big capacity that fits 6 place settings, 10.5" plates, or 24 bar glasses. Perfect for hosting or daily cleanups.
- Six Wash Cycles: Choose from 6 wash cycles, including Heavy, Normal, AutoSense, 30-Minute Quick Wash, and Custom. Tailor your wash to every need.
- Baby Care Cycle: Use SmartHQ™ to simplify bottle cleaning and sanitization. This dishwasher's Baby Care Cycle eliminates 99.999% of bacteria from bottles, pumps, and baby essentials, for peace of mind.
- Built-in WiFi Powered by SmartHQ™: SmartHQ™ makes it easy to connect, control and monitor your smart dishwasher from anywhere. You can also conveniently access the latest features, including customized cycles, remote status notifications and more.
- Get More with Additional Options: Schedule your wash with the dishwasher Delay Start feature, ideal for busy days or when you're away from home. Extra Wash & Dry options ensure exceptionally clean and dry dishes.
- Reduce Water Usage by Over 75%: Say goodbye to handwashing dishes with this compact dishwasher. Save time and water while enjoying powerful cleaning anywhere you need it.
- Sanitize with Ease: High-temperature rinse sanitizes and reduces 99.999% of the bacteria found on dishes.
- Sleek Glass Touchpad: This compact dishwasher has a glass touchpad and digital cycle countdown for a modern look and intuitive control.
- Quiet Operation: Enjoy peace in your home with this quiet dishwasher operating at just 52 dBA.
- ENERGY STAR® Dishwasher: This efficient, ENERGY STAR® dishwasher delivers powerful performance while saving water and conserving energy.
- Auto Open Dry: Experience the benefit of efficient, eco-friendly drying without added energy by opening the door at the end of the cycle to circulate air.
- Flood Protect: This dishwasher features Flood Protect, which prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high and then pumps it out.
