Model #: WCIT7536SS

36" Intelligent Induction Cooktop with Temp Cook™ Technology and WipeClean™ Coating

The Whirlpool Intelligent Induction Cooktop helps you stay on time of meal time even with life's interruptions. Temp Cook™ Technology helps you avoid burning with dual temperature sensors that monitor and maintain your heat. Smart Presets like simmer, saute, and more put favorites at your fingertip and the Flexheat™ Plus Element matches your heat to your pan size. Voice Control allows you to do so hands-free with Alexa™ or Google™ when connected and WipeClean™ Coating simplifies cleanup so you can wet, wait, and wipe away the mess after meals.

**Stainless Steel Trim
Dimensions**

Width: 36.299 in
Height: 3.677 in
Depth: 21.299 in

Features:

- Temp Cook™ Induction Technology: The Temp Cook™ Induction Technology helps you avoid burning with dual temperature sensors that monitor and maintain your heat.
- Smart Presets: Simplify mealtime with Smart Presets that automatically set the the right temp to saute, simmer, sear and more.
- Flexheat™ Plus Element: Think big, small and most sizes in between with the Flexheat™ Plus Element, a large, rectangular cooking space with pan size detection that only heats the space you need, giving you the flexibility to cook with different size pots and pans.
- WipeClean™ Coating: Skip scraping & intense scrubbing of baked-on foods with WipeClean™ Coating, the easiest-to-clean induction cooktop coating.* Simply wet with water, wait, and wipe away.
- Voice Control: Use your voice to set your cooktop to specific cooking modes like Simmer, Fry, and more with Alexa™ or Google™*.
- Griddle Zone: Maximize your cooking space for a variety of mealtime options with Griddle Zone. Two individual heating elements combine to form one larger one, making it easy to cook up all that delights, all at once.
- Fast Boil: Boil 2x times faster than electric cooktops with Fast Boil.* *using power boost and compared to WCE77US6H
- Cookware Ready: Don't worry about buying new cookware. The Induction cooktop is compatible with most induction capable pots & pans, so upgrading to induction is as simple as using it.
- 18 Cooking power levels: 18 power levels help give you precise control over your heat.
- Smart Feature Updates: Stay on top of the latest cooking features and unlock new ones over time. Explore more ways to cook with updates through the Whirlpool app*.
- ENERGY STAR® Certified: ENERGY STAR® Certified models exceed government standards to help save money on your utility bills.
- Pan Detection: Pan detection makes sure you only heat the space you need by sensing when a pan is placed on an active burner and automatically directing heat to it.
- Wall Oven Compatible: Install this cooktop above select Whirlpool® Single Wall Ovens to keep your kitchen and cooking space compact or place it on its own for more flexibility.*
- Touch Controls: Seamless touch controls appear while you use them but fade into the cooktop when turned off. Individual controls for each cooking zone provide quick access to TempCook™, Smart Presets and 18 manual power levels, keeping control of your cooktop at your fingertips
