Heavy-Duty Dishwasher with 1-Hour Wash Cycle

Get the right clean for your dishes with this heavy-duty dishwasher. Finish the job in half the time with the 1-Hour Wash cycle* and rely on the soil sensor to adjust to the soil levels of your dishes for the most thorough clean.

Features:

- 1-Hour Wash cycle: Cleans dishes in half the time so your plates, pans and glasses are thoroughly cleaned up and taken care of in just an hour.
- Soil Sensor: Determines how dirty dishes are and adjusts the Normal cycle as needed to make sure dishes come out clean.
- Normal Cycle: Use for normal amounts of food soil to clean up leftover messes from your day-to-day meals.
- Heavy cycle: Takes care of heavily soiled messes and other hard-to-clean dishes without the extra elbow grease by adding extra time to the cycle.
- High Temperature Wash Option: Gives items like baby bottles, glassware or dishes a more thorough clean.
- Heated Dry Option: Use a clean, dry dish straight from the dishwasher thanks to added heat for drying. For optimal drying results, use this option with rinse aid.
