Whirlpool® 24-Inch Top Control Dishwasher with Total Coverage Wash and Auto Open Air Dry in Fingerprint Resistant Stainless Steel

Get clean, dry ready to use dishes with this 24-inch stainless steel dishwasher. Total Coverage Wash delivers a corner to corner clean on all three racks, and Auto Open Air Dry lets fresh air in after the dry cycle for dry dishes, even plastics, right from the rack. Run a full wash in a fraction of the time with 90 Minute Normal Cycle, let Intelligent Sensors automatically detect settings for different loads, and get more room when you need it with Flexible Loading Options.

Features:

- Total Coverage Wash: Targeted, corner to corner cleaning on all racks, including our largest capacity 3rd Rack equipped with 13 spray jets, means dishes come out clean the first time.
- Our Best Dry: Heat pulses and fresh air circulation help to deliver our best dry*, so you can unload dishes, even plastics, straight to the table.
- Auto Open Air Dry: Get a better*, energy efficient dry by automatically opening the door at the end of the dry cycle to let fresh air in and moisture out. So you can unload meal-ready dry dishes, even plastics, straight to the table.
- 90 Minute Normal Cycle: Our fastest Normal Wash cycle cuts wash time by up to an hour*, and cleans a full load in just 90 minutes.
- Intelligent Sensor Cycle: Intelligent Sensor Cycle automatically gets the right wash and dry settings for each load with two sensors that measure temperature and soil level during prewash and the wash cycle.
- Flexible Loading Options: Keep dishes from piling up in the sink with Flexible Loading Options that provide more room when you need it. Raise or lower the adjustable second rack to fit large items like baking pans and tumblers, or use the Folding Tines to fit smaller items like lids and measuring cups. Plus, our largest capacity 3rd rack* has dedicated space for mugs and bowls.
- Self-Cleaning Filtration System: Self-Cleaning Filtration eliminates the need to manually clean the filter by circulating clean water throughout the wash cycle
- Maximum Heat Dry Option: The Maximum Heat Dry Option uses heat pulses to raise the final rinse temperature, then the auto open air dry releases remaining condensation on the dishes, helping deliver our best drying results.
- Water Repellant Technology: Water Repellent Technology on the silverware basket repels moisture and improves drying, so you can use utensils and silverware right from the basket
- Industry's Best Selling Dishwasher Brand*: *Based on 12-month average of sales. TraQline 2021
- MaxTub: With the largest capacity in the market at 7.25 cu. ft.*, the MaxTub includes three racks with targeted wash action to fit the mugs, bowls, and large pots and pans your family piles up.
- 47 dBA: Whirlpool dishwashers keep the noise down so you can keep the conversation going.
- Adjustable 2nd Rack: Make room for a blender jar or baking pans with easy-to-find adjusters that smoothly raise or lower the 2nd rack
- Washing 3rd Level Rack: The 3rd rack with extra wash action provides targeted cleaning for mugs, bowls, and utensils that you'd normally load in the lower racks, making extra space for the rest of the day's dishes.
- Fingerprint Resistant: Available in black stainless and stainless finishes, the easy-to-clean exterior resists fingerprints and smudges.
- Heated Dry Option: Get clean, dry dishes straight from the dishwasher thanks to added heat in the drying cycle. For optimal drying results, use this option with rinse aid.
- Quick Wash Cycle: Clean dishes fast with a cycle that thoroughly takes care of plates and glasses when you need them done in a hurry.
- Heavy Cycle: Take care of heavily soiled messes with an extended cycle that cleans stubborn foods and residue without the elbow grease.
- Sani Rinse Option: Sanitizes dishes by eliminating 99.999% of food soil bacteria.
- Leak Detection: If a leak is detected, a light will flash on the front of the dishwasher to alert you, and the dishwasher will proceed to drain water from

Fingerprint Resistant Stainless Steel
