Model #: WED4950HW

7.0 cu. ft. Top Load Electric Dryer with AutoDry™ Drying System

Care for the whole family's fabrics with this large capacity top load dryer. Choose between the AutoDry™ system, which helps prevent overdrying, or Timed Dry, which lets you manually control your drying schedule. Help keep wrinkles from setting in with the Wrinkle Shield™ option and easily transfer loads from the washer to this automatic dryer with a wide-opening hamper door.

Features:

- AutoDry™ Drying System: Help prevent overdrying with the AutoDry™ drying system that senses when clothes have reached the right moisture content and stops the cycle.
- Wrinkle Shield™ Option: Helps keep wrinkles from setting into your clean clothes with intermittent tumbling after the dryer cycle ends.
- Hamper Door: Easily transfer loads from the washer to the dryer and from the dryer to the laundry basket without worrying about clean clothes falling on the floor with this wide-opening door.
- Timed Dry: Take control of your time. For those occasional times that damp load needs a little extra dry time or when using a drying rack, set the control and you can get your fabrics dried on your schedule.
- 3 Drying Temperatures: Choose between three drying temperatures for fabric care that fits your family's needs.
- 7.0 Cu. Ft. Capacity: With a 7.0 cu. ft. capacity dryer drum, there's plenty of room to easily handle large loads and bulky items.
- An American Company for Over 100 Years: Whirlpool Corporation started in 1911 as a small company in Benton Harbor, Michigan. Today we are a global home appliance business selling products around the world. We are proud of our American heritage and ingenuity that have driven innovation for over 100 years
