Model #: WGD5050LW

7.0 Cu. Ft. Top Load Gas Moisture Sensing Dryer with Steam

This top load steam dryer uses sensor drying technology to help prevent overdrying by stopping the load at just the right time. Easily keep loads on your schedule with the Wrinkle Shield™ Option which helps keep wrinkles from setting with continued tumbling after the cycle ends or use Timed Dry for extra drying time when you need it.

Features:

- Moisture Sensing: Two sensors closely monitor inside moisture and air temperatures to deliver the right results for each load. When fabrics are evenly dry and air reaches ideal temperatures, the cycle stops, helping prevent over- and under-drying.
- Wrinkle Shield™ Option: After the cycle ends, help keep wrinkles from setting into clean, dry fabrics with the Wrinkle Shield™ Option. It keeps clothes tumbling for up to 2.5 hours after the cycle ends or until you open the door.
- Steam Refresh Cycle: Release wrinkles with the Steam Refresh Cycle. It uses water and heat to get clothes ready to wear without rewashing.
- Timed Dry: Take control of your time and the dryness level of your load. Set the control for 15, 30, 60 or 90 minutes when a damp load needs a little extra dry time or when using a drying rack.
- Air Only Cycle: Fluff and refresh loads or air out delicates with a cycle that tumbles your items with no heat.
- 7.0 Cu. Ft. Capacity: With a 7.0 Cu. Ft. Capacity dryer drum, there's plenty of room to easily handle the large loads you washed in the matching top load washer.
- An American Company for Over 100 Years: Whirlpool Corporation started in 1911 as a small company in Benton Harbor, Michigan. Today we are a global home appliance business selling products around the world. We are proud of our American heritage and ingenuity that have driven innovation for over 100 years.
- An American company for over 100 years: Whirlpool Corporation started in 1911 as a small company in Benton Harbor, Michigan. Today we are a global home appliance business selling products around the world. We are proud of our American heritage and ingenuity that have driven innovation for over 100 years.
- Quick Dry Cycle: Dry a small load quickly or customize settings to add more time. Plus, you can choose to remember your settings for your next load of laundry.
- Interior Light: See every item in the dryer with the Interior Light.
- End of Cycle Signal: Know when your cycle is finished with an end of cycle buzzer.
- End-of-Cycle Signal: The End-of-Cycle Signal lets you know when the cycle has reached the finish line.
- Wrinkle Control Cycle: The Wrinkle Control Cycle helps to minimize wrinkles by using lower temperatures during the cycle, then defaulting to using the Wrinkle Shield™ Option for continued tumbling after the cycle ends.
- Static Reduce Option: Help decrease static with the Static Reduce Option, which combines a mist of water with tumbling after the load is dry.
