- True Convection with Third Heating Element: Bake multiple dishes using a third heating element and a fan to more evenly distribute hot air around the oven.*
- Steam Clean Option: Clean up after everyday light spills using only heat and 1-1/4 cups of water—no harsh chemicals or cleaners needed. Used periodically to clean light spills on the bottom of the oven, it keeps the oven clean and reduces the need for frequent self-clean cycles.
- Adjustable Self-Clean Cycle: Clean without harsh chemicals using the high-temperature self-clean cycle. Adjust the cycle for light, medium or heavy soil levels to help keep your oven looking clean.
- Frozen Bake™ Technology: Skip preheating and cook frozen favorites like pizza in fewer steps with preprogrammed settings that automatically adjust cooking times for you.
- Keep Warm Setting: Keep dishes from getting cold with this setting that delivers low heat to the oven while you finish preparing your meal.
- Broil: When you place food close to the oven's top heating element using the Broil Setting, you can quickly sear meat, char vegetables, brown lasagna, caramelize the top of a casserole and more.
- Convection Broil: When cooking thicker cuts of meat like bone-in chicken or steaks over an inch thick, use the Convection Broil setting to brown the top while still keeping the hot air circulating around the food in the oven to cook your food.
- Bake: Cook your favorite treats like cookies, pies, cakes or muffins with the Bake setting that uses hot air to cook food inside the oven.
- Convection Bake: Convection Bake uses the bake, broil, and ring heating elements along with a fan to distribute hot air more evenly when cooking on multiple racks.*
- Convection Roast: Cook foods such as chicken and turkey with the Convection Roast setting that uses high heat from the bake, broil, and ring elements with the fan to circulate air around the oven cavity.
- Rapid Preheat: Save time with faster preheating.* A rear fan combined with the use of all of the elements helps to heat the oven quickly.
